# NEWSLETTER

**March 1 through 15, 2004**

# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **March 1-15, 2004**.

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse/clearinghouse.shtml](http://www.opr.ca.gov/clearinghouse/clearinghouse.shtml)

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

**Scott Morgan**  
Associate Planner

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

## MEMORANDUM

### Governor's Office of Planning and Research State Clearinghouse

**Date:** December 5, 2003

**To:** All CEQA Lead Agencies

**From:** Terry Roberts, Director, State Clearinghouse

**Re:** Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CDs must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov).

**KEY:**

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

**NOTE:**

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

# CEQA Documents

## Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

## CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Monday, March 01, 2004</u></b>			
1999021018	Twin River Ranch Dairy EIR Tulare County Resource Management Agency Tulare--Tulare Request for a Special Use Permit to construct and operate a new dairy to accommodate the 1,955 animal units (1,700 milk cows) in a facility covering approximately 88 acres of a 456-acre project site. The balance of the acreage will remain under cultivation and available for irrigation with manure water.	<b>EIR</b>	04/14/2004
2001021047	Alamitos Ridge Residential Project Long Beach, City of Long Beach--Los Angeles Development of 106 Single-Family dwelling units on 14.1 acres	<b>EIR</b>	04/14/2004
2003071120	Outdoor Adventure Center Specific Plan Grand Terrace, City of Grand Terrace--San Bernardino The Outdoor Adventure Center is a proposed master planned recreation oriented commercial development that would provide various goods and services related to sports and leisure activities including RV, boat and personal watercraft sales and related services, outdoor recreation retail stores, a fitness center, a hotel, a skating center, and an artificial lake.	<b>EIR</b>	04/14/2004
2003032079	South Bay Salt Pond Initial Stewardship Project Fish & Game #3 Hayward, Fremont, San Jose, Menlo Park, Mountain View, ...--Alameda, Santa Clara, San Mateo The United States Fish and Wildlife Service and the California Department of Fish and Game are proposing an interim management strategy for 15,100 acres of former commercial salt ponds in south San Francisco Bay to be utilized while a long-term restoration plan is developed and implemented.	<b>FIN</b>	
2003061062	Copper Mountain College Master Plan Update Copper Mountain Community College District --San Bernardino The proposed Master Plan Update is a twenty-year expansion plan to guide development of the campus through the year 2025. It is anticipated that by the year 2025, a total of thirty four new buildings will be constructed to meet the needs and demands of the projected enrollment of 4,690 Full Time Equivalent (FTE) with a total student enrollment of 9,039; current FTE is 1,469. The Master Plan update will result in an additional 241,700 square feet of new development for a total of 295,133 square feet of classroom and ancillary uses, 825 additional parking spaces for a total of 1,187 spaces, 17 acres of playing fields, and 29 acres of open space.	<b>FIN</b>	
1981121053	Caliente Sand and Mineral Kern County Planning Department Bakersfield--Kern The project is a proposal to expand the size of an existing surface mine and reclamation plan from the existing 13.05 acres to a total of approximately 32.8 acres. The mining operation anticipates continuing to extract approximately 50,000 tons of sand per year for the following 20 to 25 years. The reclamation plan anticipates revegetation to take place at five year intervals as the mining operation is completed at predetermined sections of the site.	<b>NOP</b>	03/30/2004

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Monday, March 01, 2004</u></b>			
1990010988	Antelope Valley Public Landfill Expansion Palmdale, City of Palmdale--Los Angeles The applicant is applying for certain modifications to the aforementioned CUP issued by Los Angeles County. The primary modifications sought are: 1) to enlarge the approved 114-acre refuse footprint by approximately 11 acres in order to reconfigure the two landfills into one contiguous disposal area and increase landfill capacity by approximately 14 million cubic yards; 2) update the overall area of the facility to 185 acres (adding 5 acres of ancillary facilities and other landfill property to the existing 180-acre area; 3) modify other certain physical and operational aspects of the landfill; and 4) obtain a single Conditional Use Permit entitlement by the City of Palmdale for the entire facility.	<b>NOP</b>	03/30/2004
2004031001	Co. Environmental Health Div. - Co. Code Ordinance Amendment, Chapter 8.14 - Underground Storage of Hazardous Substances ED03-392 San Luis Obispo County --San Luis Obispo Proposal by the County Environmental Health Division to revise the County Code (Chapter 8.14) relating to and eliminate duplicity between the County Code and state Health and Safety Code regulations (Title 23, Division 3, Chapter 16, Sections 2610 through 2729). The proposed changes will not result in a reduction of regulatory protection of underground storage of hazardous substances. This amendment will apply to all areas of the county.	<b>Neg</b>	03/30/2004
2004031003	Blackburn - Minor Subdivision 1140-03 San Benito County Hollister--San Benito Divide 1,128 + acres into a 31+ acre lot and a 1,098+ acre lot. The approximate 31 acre lot would be developed with a single family dwelling at some point in the future.	<b>Neg</b>	03/30/2004
2004031004	Proposed Parcel Map PM-04-005 (16402) Victorville, City of Victorville--San Bernardino To subdivide five acres into four parcels for single family residential purposes.	<b>Neg</b>	03/30/2004
2004031005	ENV-2003-9037-ND Condominium Conversion, 1 Quarterdeck Street Los Angeles City Planning Department --Los Angeles The subject property is a 10-unit apartment building zoned R3-1. Coastal Development Permit, Project Permit Compliance, and a Tract Map to allow this rental apartment building to be converted into a condominium. No structural changes to the building are proposed.	<b>Neg</b>	03/30/2004
2004031006	ENV-2003-8674-MND Los Angeles City Planning Department --Los Angeles Tentative Tract Map and a Fence Height Variance for the construction of 21 single-family, detached, condominiums, driveways, and an internal street. The site is approx. 108,115 sq. ft. (2.69 gross acres) and is zoned [T][Q]D5-1. The proposed project does not include any demolition.	<b>Neg</b>	03/30/2004

<b><u>Documents Received on Monday, March 01, 2004</u></b>			
2004032001	Zone 1 Water System Improvement Project, City Project No. 2002-38 Livermore, City of Livermore--Alameda Water system infrastructure project consists of new 3 million gallon reservoir and site improvements, 1,512 sq. ft. pump station and site improvements, 5,500 LF of pipeline, 380 sq. ft. communications building, and two pressure reducing vaults.	<b>Neg</b>	03/30/2004
2004032002	R.R. Lewis Small Water Company Sierra County --Sierra General Plan and Zone Amendment from residential to Public Service and a Special Use Permit to allow the installation of a chlorinator facility and water storage tank on property to service the water company's public water system.	<b>Neg</b>	03/30/2004
2004032003	Parcel Map Application PM-3-03 (North Airport Business Park) Redding, City of Redding--Shasta The project sponsor, David Kacalek, is requesting approval of a tentative parcel map to subdivide approximately 35 acres to create 10 lots to support future commercial and/or light industrial uses and 3 additional parcels for resource conservation. No specific use or development plans are proposed on any of the proposed lots at this time. Future development on the proposed lots would be subject to individual grading and zoning permit entitlements and subsequent environmental clearance. Overall, the improvements proposed on-site would include public-street, utility, and storm-drain facilities as necessary to serve the proposed lots in accordance with City standards.	<b>Neg</b>	03/30/2004
2004032005	U.P. #04-02, Pioneer Exploration, Ltd. (Phillip D. & Marjorie A. Lewis, Surface Owner) Natural Gas Well Tehama County --Tehama To establish a natural gas well, George Reid Unit #10, in an EA-AP; Exclusive Agricultural-Agricultural Preserve Zoning District. The site is located SE of Coming, approximately 1,200 feet east of First Street, at Alternate Site #1, at a point approximately 1,236 feet east and 2,359 feet south of the NW corner of Section 13, Township 23 N. Range 3W, M.D.B.&M.. APN: 91-320-01. Approximately 56.90 acres.	<b>Neg</b>	03/30/2004
2004032006	City of Oroville General Plan, Housing Element Update Oroville, City of Oroville--Butte The proposed project consists of the City of Oroville General Plan Housing Element Update and corresponding General Plan Amendment 2003-08 (GPA 2003-08)	<b>Neg</b>	03/30/2004
2004032007	Commercial Site Plan - 4 Retail Spaces on 100 Block of Union Street Nevada City Nevada City--Nevada Application is for a commercial site plan proposing to demolish a 1960's era service station (1,596 sq. ft.) and to construct a 14,496 sq. ft. retail/ residential/ office space. The proposed building is comprised of four different facades with four retail spaces on the ground level and spaces above providing combined residential/ office space. The application includes an underground parking garage with spaces for 9 to 11 vehicles. The project is proposed on the site of the current Shell Services Station located at 100 Union Street with side lot lines adjacent to Broad Street and Main Street.	<b>Neg</b>	03/30/2004

<b><u>Documents Received on Monday, March 01, 2004</u></b>			
2004032008	Redwood Family Camp - Special Permit Humboldt County --Humboldt A Special Permit for the development of an approximately 6,280 sq. ft. dining hall and three 1,200 sq. ft. dorms on a +/- 89.16-acre parcel. The parcel is currently developed within a "family camp" consisting of a variety of small cabins, a manager's office and store, a large barn, a tabernacle for religious assemblies, a shop, a restroom/ laundry facility and several small sheds. The proposed dining hall will replace a small kitchen building with nearby dining canopy. There will be several trees removed within 30' of proposed improvements. The parcel is served by on-site water and sewage disposal systems. A maximum occupancy has been set at 1,000 persons.	<b>Neg</b>	03/30/2004
2004032009	GPA to Allow Winery and Olive Mill in Agricultural Core of Contra Costa County Contra Costa County Community Development --Contra Costa This is a proposal to modify the Contra Costa County General Plan (1995-2010) relating to the Agricultural Core (AC) land use designation. This General Plan amendment would amend the text description for the Agricultural Core land use designation to allow wineries with tasting rooms in conjunction with an orchard through a land use permit for any parcel in the Agricultural Core that currently meets a 5-acre minimum lot size. This proposal would also establish prototypical development standards or permit conditions for reviewing and approving the uses, activities and structures normally associated with a winery or olive oil mill in the Agricultural Core, and in other agricultural lands in the unincorporated areas.	<b>Neg</b>	03/30/2004
2004032009	GPA to Allow Winery and Olive Mill in Hynicultural Core of Contra Costa County Contra Costa County Community Development Brentwood--Contra Costa This is a proposal to modify the Contra Costa County General Plan (1995-2010) relating to the Agricultural Core (AC) land use designation. This General Plan amendment would amend the text description for the Agricultural Core land use designation to allow wineries with tasting rooms in conjunction with a planted vineyard and olive mills with tasting rooms in conjunction with an orchard through a land use permit for any parcel in the Agricultural Core that currently meets a 5 - acre minimum lot size. This proposal would also establish prototypical development standards or permit conditions for reviewing and apporving the uses, activities, and structures normally associated with a winery or olive oil mill in the Agricultural Core, and in other agricultural lands in the unincorporated area.	<b>Neg</b>	03/30/2004
2004032010	Madera County Housing Element Madera County --Madera The project consists of an update to the Housing Element of the Madera County General Plan. The 2003 Housing Element Update is a comprehensive statement by Madera County of its current and future housing needs and proposed actions to facilitate the provision of housing to meet the needs at all income levels.	<b>Neg</b>	03/22/2004
2004032011	Chamberlin Rezoning (EIAQ-3792) Placer County Planning Department --Placer Proposal to rezone from 43,560 sq. ft. min. and allow to subdivide the 1.2 acre into 3 parcels.	<b>Neg</b>	03/30/2004

	Medium to Community Commercial with SEA and VCC overlays and will define the specific alignments for Santa Clarita Parkway and Newhall Ranch Road. A zone change will change the zoning designations of the site to RM and CC with a PD overlay. A CUP is required to implement the PD Overlay, to allow building heights in excess of two stories and 35 feet tall, approval of the Hillside Innovative Application, and Vehicular gating of Planning Area C. A hillside review is required for development on 3 oak tree encroachments. An adjustment is required to allow for a maximum 20% reduction in the minimum lot size and lot width for lots within planning area A1, a 16 foot front yard setbacks and 7 foot high property line walls facing public streets.		
2004011001	City of La Puente General Plan La Puente, City of La Puente--Los Angeles The project is the adoption and implementation of comprehensive updates to the City of La Puente General Plan and Zoning Ordinance. The General Plan guides the City to the year of 2025 by establishing goals and policies that address land use, circulation, economic development, and related issues. Implementation of the General Plan will ensure that future development projects are consistent with the community's goals and that adequate urban services are available to meet the needs of new development. The Zoning Ordinance serves as the primary tool to achieve the goals, policies, and development expectations established in La Puente's Land Use Plan. Under California law, the Zoning Ordinance must be consistent with the General Plan.	EIR	04/15/2004
2004031002	Chula Vista Crossings Commercial Retail Development Chula Vista, City of --San Diego The project consists of redeveloping 17.2 acres of the 24.1-acre property located on the southeast corner of the Main Street/I-805 intersection (4501 Main Street) from an outdoor storage facility to a commercial retail center. The project will consist of seven buildings with an approximate total leaseable building area of 188,038 square feet. The project is proposed to include two freestanding restaurants, a department store anchor and several additional retail spaces.	NOP	04/01/2004
2004031007	Specific Plan No. 337 in Jurupa Redevelopment Area Riverside County Planning Department Riverside--Riverside Specific Plan No. 0337 is comprised of several land use elements: residential, commercial, parks, a school and church. The proposed plan includes 193 acres of residential developments within Medium Density Residential, Medium - High Density Residential and Very High Density Residential land use designations. The proposal includes an elementary school facility on 12 acres of land. The specific plan will include ten residential Planning Areas with 44.27 acres at 7,200 SF parcels with a maximum of 185 dwelling units, 57.1 acres at 6,000 SF parcels with a maximum of 283 dwelling units, 33.3 acres at 5,500 SF parcels with a maximum of 172 dwelling units. The total maximum estimated residential dwelling units for the project would be 1,350. The Specific Plan may involve the relocation and/or abandonment of existing streets and utilities within the boundary of the project. The Specific Plan may involve the relocation and/or abandonment of existing streets and utilities within the boundary of the project.	NOP	04/01/2004

2003011045	Groundwater Recovery and Treatment (Great) Program Oxnard, City of Oxnard--Ventura The Great Program is designed to meet City water supply needs through 2020. Projects include tertiary treatment facility, advanced water treatment facility, recycled water delivery, aquifer storage, and recovery, regional desalter, water blending station and concentrate disposal in the first phase. Projects are located in Western Ventura County and the City of Oxnard.	<b>EIR</b>	04/16/2004
2002114005	Proposed Military Op Increases and Implementation of Associated/Comprehensive Land Use and Integra U.S. Navy --San Bernardino, Inyo, Kern The Proposed Action includes a moderate expansion of military operations, continuation of current nonmilitary activities, and implementation of the Comprehensive Land Use Management Plan (CLUMP) and Integrated Natural Resources Management Plan (NRMP). The CLUMP is the strategic planning vehicle through which NAWS manages land use and environmental resources.	<b>FIN</b>	04/05/2004
2004014003	Golden Date Center Bureau of Indian Affairs, Sacramento Area Palm Springs--Riverside Construct retail shops, parking spaces, and mini storage units.	<b>FON</b>	
1987100711	County of Ventura Focused General Plan Update Ventura County The project is a focused update to the County General Plan.	<b>NOP</b>	04/01/2004
2004031011	University City North/South Transportation Corridor Study San Diego, City of San Diego--San Diego The Draft EIR will analyze three basic transportation projects: (1) Regents Road Bridge, (2) Genesee Avenue Widening, and (3) Genesee Avenue/Governor Drive Grade Separation. The Regents Road Bridge would extend across Rose Canyon to connect the present street termini on either side of the canyon. The Genesee Avenue widening alternative would expand this roadway to six lanes between SR 52 and Nobel Drive. The Genesee Avenue/Governor Drive Grade Separation would reconstruct the present intersection to create an underpass beneath Governor Drive to accommodate through traffic on Genesee Avenue.	<b>NOP</b>	04/01/2004
2004032021	El Cerrito Plaza Mixed Use Development El Cerrito, City of --Contra Costa Measure C Garage: parking garage of approximately 500 spaces with at least 400 spaces dedicated exclusively to BART patron usage during certain prescribed hours. The structure would be up to five levels. Forest Plaza Apartments: a residential project consisting of up to 99 condominiums and associated parking, an approximately 5,000 square foot day care facility and an approximately 4,000 square foot play yard. Cerrito Creek is proposed to be restored as an open space amenity.	<b>NOP</b>	04/01/2004

2004031010	Pozzuoli Conditional Use Permit D030114D (Winery) San Luis Obispo County San Luis Obispo--San Luis Obispo Proposal by Enrico Pozzuoli for a Minor Use Permit to allow for the conversion of an existing +/- 945 square-foot garage to a winery. On-site wine processing activities include crushing, fermenting, pressing, barrel storage, bottling, and blending with production of 1,000 cases per year during peak production. The proposed project will provide on-site tasting by appointment only. The project also includes a request to adjust the property line setback for wineries with tasting rooms from 200 feet to 32 feet. The project is located on the east side of Hog Canyon Road (6225 California Poppy Lane), approximately 400 feet of Buckhorn Ridge Road, approximately 3 miles northeast of Estrella Road, approximately 10 miles east of the City of Paso Robles, in the El Pomar - Estrella planning area.	<b>Neg</b>	04/01/2004
2004032022	Streeter Commercial Bldg. Santa Cruz County --Santa Cruz Application 02-0025 is a proposal to construct a 17,796 square foot, two-story steel industrial building and establish a Master Occupancy Program. Three homes, a trailer, and a shed will be demolished. Parking and landscaping will be added to the site. In addition to approval of the Master Occupancy Program, the project requires a Commercial Development Permit, Design Review, Preliminary Grading Approval, Environmental Review, and a Soil Report Review.	<b>Neg</b>	04/01/2004
2004032023	Reed Street Cottages Santa Cruz, City of Santa Cruz--Santa Cruz The project consists of a General Plan and Zoning Amendment, Design, Planned Development and Slope Modification Permits and a Subdivision to allow 18 new homes and one accessory dwelling unit on a 1.85-acre site with an existing single-family dwelling. The new units are planned as two-story structures with three bedrooms. Four of the homes will be located within 20 feet of a 30+% slope, which requires approval of a Slope Modification.	<b>Neg</b>	04/01/2004
2004032025	Morgan Final Map Subdivision/Street Name Change Humboldt Community Services District --Humboldt A Final Map Subdivision of an approximate 5.5 acres to create 26 residential lots and Parcel X for the storm water detention basin. The lots will range from 5,846 to 9,640 square feet. The parcels will be served by community water and sewer. Access to the property will be via Underwood Court. The project involves extension of Underwood Court to Underwood Road and construction of Lennea Court as an access road. The project requires an exception to lot frontage requirements to allow for flag lot configuration. The project will be phased: Lots 1 through 19 in Phase 1; Lots 20 through 26 in Phase 2. Construction of the detention facility will be part of Phase 1.	<b>Neg</b>	04/01/2004
2004032026	Rehabilitation of Mansion Grounds Project Parks and Recreation, Department of Sacramento--Sacramento The Department of Parks and Recreation proposes to rehabilitate the grounds and rehabilitate/reconstruct outbuildings within the Leland Stanford Mansion State Historic Park. This work on the mansion environs will result in a unified setting representative on the Stanford Era, which is the primary period of significance of	<b>Neg</b>	04/01/2004

2003011037	Nash Road Bridge Over San Benito River Replacement Project San Benito County Hollister--San Benito The project consists of the replacement of the Nash Road Bridge (Bridge Number 43C-0048) over the San Benito River. The new bridge will essentially be constructed along the original alignment, within the existing right-of-way. The proposed bridge will be approximately 600 feet long and 40 feet wide. The new bridge structure will be a three-span cast-in-place post-tensioned concrete box girder structure. The California Department of Fish and Game isw executig a Lake and Streambed Alteration Agreement Number 1600-2003-0560-3 pursuant to the Fish and Game Code to the Project Operator, Dale Rosskamp / San Benito County Public Works Department.	<b>NOD</b>	
2003102025	State Route 87 High Occupancy Vehicle Lane Project Caltrans #4 San Jose--Santa Clara The proposed project will add an HOV lane to State Route 87 and will necessitate the widening of the bridge over the Guadalupe River. This agreement covers only those portions of the project that impact the Guadalupe River. Bridge abutment expansion, storm drain relocation, and bank stabilization will require the removal of some riparian vegetation and dewatering the work area. A coffer dam will be installed at the upstream end to the work area and flows of the Guadalupe River diverted into a pipe around the work area and discharged back into the river outside of the construction area. The diversion structure has been designed in consultation with NOAA Fisheries and includes openings in the top of the culvert to allow light in as well as rest areas to further minimize fish passage impacts. The presence of fish in the work area is not anticipated during the June 1 to October 15 work window period due to high water temperatures which are detrimental to salmonids. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement Number 1600-2004-0039-3 pursuant to Section 1602 of the Fish and Game Code to the project operator, Mr. Nick Saleh representing Caltrans.	<b>NOD</b>

2004031042	Pacifica Graduate Institute, Revision of Conditional Use Permit Santa Barbara County --Santa Barbara Revisions to the existing Pacifica Graduate Institute Conditional Use Permit [88-CP-005 RV01] to modify its Lambert Road campus operations, restrict special events, reduce overnight use, expand facilities, establish the maximum number of people who may be present on said campus, and to honor agreements made with the applicant's neighbors.	<b>NOP</b>	04/07/2004
2004032052	Broadway and West Grand Mixed-Use (Residential/Commercial) Project Oakland, City of Oakland--Alameda The entire project site is approximately 5 acres in size. The proposed project entails the phased redevelopment of the site with up to 475 for-sale residential units, 40,000 square feet of ground-floor commercial space, and 675 structured parking spaces.	<b>NOP</b>	04/07/2004
2004031038	P03-1454/P03-1548/P04-0260 (Single Family Residential Development) Riverside, City of Riverside--Riverside The proposed project is to subdivide approximately 86.31 vacant acres to create 39 single family residential and 5 open space lots. The project involves grading on slopes ranging between 10% and 30% and will require exceptions from the City's Grading Ordinance standards related to size of proposed graded pads and slope heights. A Planned Residential Development application has been submitted to maintain the compliance of this project and the previously recorded phases of a larger tract with the underlying density standards of the RC Zone. The project also involves a rezoning request to remove an O- Official Zoning designation from the southerly portion of the project area and place the property in the RC - Residential Conservation Zone to facilitate this development.	<b>Neg</b>	04/07/2004
2004031039	P03-1358/P04-0015 (Single-Family Subdivision / Planned Residential Development) Riverside, City of Riverside--Riverside Proposal to subdivide approximately 16 vacant acres into 10 single family residential lots. Residential lots range from between .66 and 2.1 acres in size and two open space lots are planned to 2.4 and 3.3 acres in size. The subject property is characterized by rolling, hilly terrain that slopes down to the north, east and west. Access to this site is provided via Via Las Nubes, a public street. Grading is proposed to accommodate the street system and residential pads generally between 22,800 and 32,843 square feet in size.	<b>Neg</b>	04/07/2004
2004031040	Conditional Use Permit 00-253 Los Angeles County Department of Regional Planning --Los Angeles The proposed project is for a Conditional Use Permit for the construction and operation of a three-story, 112-room limited-service loading facility with accessory parking spaces for 119 vehicles. The facility also includes an outdoor swimming pool. A previous application, CUP No. 90-042, for a 150-room motel on the same site was approved on 10/17/1990 but the permit was never used and expired on 10/17/1993. The site is therefore still vacant.	<b>Neg</b>	04/07/2004

2004032058	Shannon Drive Stormwater Bypass Vacaville, City of Vacaville--Solano The project proposal is to construct a 660+/- foot long, earth lined bypass channel parallel to an existing un-named stream channel. The construction of the channel will include closing off the existing 48-inch diameter drain pipe that leads to an existing pond. The new earth lined channel merges into the existing un-named stream channel approximately 660-feet downstream. A control structure will be constructed to regulate flow so that normal storm events will continue to flow to the existing pond and low flows and excess from high storm flows will be diverted to the proposed earth lined channel. The outfall area below the control structure will be rip-rap lined to protect this area from scouring and erosion. The new 660 +/- foot long bypass channel will terminate approximately 15-20 feet from the existing channel, allowing flows to spread out and flow over the existing annual grassland, which at its terminus will be rip rap lined, to prevent erosion.	<b>Neg</b>	04/08/2004

2004039023	ZAP 02-054; Log No. 02-09-015 - Elling Ranch / Cingular Wireless Facility San Diego County Department of Planning and Land Use --San Diego Cingular Wireless is proposing to construct, operate and maintain an unmanned wireless telecommunications facility consisting of a total of 12 antennas within three antenna arrays of four antennas each. The antennas will be mounted on a new 50-foot monopine.	<b>NOD</b>	
2004039024	TPM 20459RPL2 TE; LOG NO. 99-13-007B-Kenyon San Diego County --San Diego The project proposes a time extension for TPM 20459TRPL2, that would subdivide a three-acre parcel into three separate one-acre parcels each with a single-family residence. The Final Notice of Approval for the tentative parcel map was dated November 2, 2000. A resolution amendment to the project, TPM 20459RPL2RA, was approved May 29, 2001 to allow a reduction of the required private street width in some sections from 24 to 21 feet. No changes to the originally approved project and the amendment are proposed.	<b>NOD</b>

<b><u>Documents Received on Wednesday, March 10, 2004</u></b>			
2004038198	Repair Maintenance Shop Fence (03-04-SD-29) Parks and Recreation, Department of --San Diego This project consists of the replacement of the existing deteriorated 8' x 20' wooden fence surrounding the maintenance shop. The new fence will be constructed of cinderblock and be 6' in height.	NOE	
2004038199	Dredging Boat / Irrigation Channel Parks and Recreation, Department of --Colusa River sediments will be dredged from the boat / irrigation channel at Colusa-Sacramento River SRA to maintain recreational boat access by the public and an irrigation diversion by Roberts Ditch Company to and from the Sacramento River. Dredging of the channel bottom to 37 feet above sea level will occur annually as needed to maintain access.	NOE	
2004038200	RAWS GOES Satellite Antenna Installation Forestry and Fire Protection, Department of Davis--Yuba The RAWS GOES Satellite Antenna project consists of the installation of a dish antenna that receives weather observations from the GOES West satellite. The satellite dish will be located on the west side of the new Mobile Equipment offices.	NOE	
2004038201	Frey Bridge Installation Fish & Game #3 --Mendocino The project involves the installation of a bridge across an unnamed tributary to the Russian River north of Redwood Valley, for the purpose of accessing several private residences.	NOE	
2004038202	Mendocino Forest Products Diversion Fish & Game #3 Ukiah--Mendocino The proposed project involves the diversion of water from the Russian River for irrigation. Department of Fish and Game is issuing a Streambed Alteration Agreement Number 1600-2004-0012-3 pursuant to Fish and Game Code Section 1602.	NOE	
2004038203	Monte Del Lago Replacement Well (WS# 2710003) Health Services, Department of --Monterey The primary production well has sanded up and dropped production from 200 gallons per minute (gpm) to 50 gpm. The water system has drilled a replacement well with a capacity of 190 gpm.	NOE	
2004038204	Archaeological Investigation Parks and Recreation, Department of --San Joaquin Conduct an archaeological excavation to determine the horizontal and vertical extent of Native American mound site (CA-SJo-152) at Caswell Memorial State Park. A Native American monitor will be present during field work and testing will be limited to 12 shovel test pits (2.4 cubic meters of ground disturbance), using hand tools, to minimize disturbance to potential burials.	NOE

	constructed at Reeves Street and Westwood Boulevard. The intersection of Reeves Street at Red Apple Avenue would be modified according to County Development Standards. Drainage culverts, paved shoulders and/or slope protection would be constructed where Red Apple Avenue crosses a major drainage. Two-way stop signs may be installed on McIntosh Street, Winesap Street, and Reeves Street where they intersect with Red Apple Avenue. An all-way stop sign may be considered at the intersection of Red Apple Avenue and Westwood Boulevard.		
2004031050	Jana Lane Open Space Vacation San Diego County Department of Planning and Land Use --San Diego The project is an open space vacation of a biological open space easement for the protection of oak woodland habitat. The vacation of the easement is mitigated by the placement of another easement over oak woodland. Parcel is 6.13 acres.	<b>Neg</b>	04/09/2004
2004031052	Lot 6 Rancho Valencia Grading Plan; L14322, Log No. 02-13-001 San Diego County Department of Planning and Land Use --San Diego The proposed project will grade approximately 1.2 acres of a 2-acre lot for the construction of a two-story single-family residence with attached garage. Requires 735 feet of retaining wall. Excavate 2,850 cubic yards.	<b>Neg</b>	04/09/2004
2004031053	Kings River Conservation District Peaking Plant Energy Commission --Fresno The KRCDPP is a simple cycle plant consisting of two General Electric LM 6000 Sprint PC model, natural gas combustion turbines generating approximately 97 MW of electricity. The proposed project includes the construction of a single 115 KV transmission line, water supply line and zero liquid discharge system.	<b>Neg</b>	04/09/2004
2004031054	Rancho Canada Resort (aka Monte Vista Lodge) San Diego County Department of Planning and Land Use --San Diego The project proposes a Major Use Permit to allow a bed and breakfast within the Monte Vista Ranch specific plan area in Ramona. Currently, other development applications (TM5235Rpl/R04-001/GPA04-01/SPA00-07) for the entire specific plan area including the Rancho Canada Bed & Breakfast are being processed by the Department of Planning and Land Use (DPLU). The bed and breakfast would occupy the existing ranch structures that were built on the property prior to 1936 and have recently been refurbished. A total of five units will be available for nightly rental. The proposal also includes the use of existing pool and various hiking trails and pathways through the Monte Vista Ranch property. Only minor grading and landscaping is required for project implementation. Parking will be within the project footprint and access to the site is through an existing driveway connecting to Chuck Wagon Road.	<b>Neg</b>	04/09/2004
2004031055	Proposed Tentative Tract TT-04-010 and Zone Change ZC-04-010 Victorville, City of Victorville--San Bernardino To allow for the development of a vested 241-lot single family residential subdivision.	<b>Neg</b>	04/09/2004

2004032071	West Cliff Drive Plan Santa Cruz, City of Santa Cruz--Santa Cruz The project consists of an implementation plan prepared in accordance with the City of Santa Cruz General Plan and Local Coastal Program Policy PR-1.7.6. which requires the development and implementation of an integrated design, land use, recreation, cliff stabilization, and landscaping plan for West Cliff and East Cliff Drives to enhance public access, safety and recreational enjoyment in these areas.	<b>Neg</b>	04/09/2004
2002011091	Closure Construction for Santiago Canyon Landfill Orange County Orange--Orange The subject project would give IWMD the option of incorporating coastal sage scrub (CSS) instead of native grasses as the final vegetative landfill cover. It is proposed that the CSS planting be accomplished by hydroseeding, and achievement of CSS habitat establishment without supplemental irrigation. The 113-acre Santiago Canyon Landfill is currently in the closure process. The potential addition of CSS as a vegetative cover will require a three-month time extension for closure construction, through November 2004. The project will give IWMD the option to create an 88.5 acre CSS mitigation area. Hydrologic modeling shows that CSS will act as an effective vegetative cover, minimizing infiltration, so that no significant impacts to the landfill cover system will occur.	<b>NOD</b>	
2002072046	Incremental Recycled Water Program Santa Rosa, City of Rohnert Park, Sebastopol, Windsor, Healdsburg, Cotati, ...--Lake, Sonoma The Incremental Recycled Water Program is intended to provide for treatment, reuse and disposal of wastewater in reliable, practical manner that provides the best use of water resources, while protecting public health and the environment. The Program will not only dispose of recycled water, but do so in a manner that maximizes reuse opportunities particularly where recycled water will increase the availability of potable water supplies. The Preferred Program is a combination of five alternatives: Indoor Water Conservation, Urban Reuse, Agricultural Reuse, Geysers Expansion, and Discharge. The Preferred Program caps discharge at the currently permitted level of 4,500 million gallons (MG) during the wettest year. It provides a flexible range of options to reuse 2,200 MG of recycled water a year (the amount expected to be generated by new growth between 2010 and 2020). The 2,200 MG allocated to reuse is divided among agricultural and urban reuse, as well as providing additional water for Geysers Expansion. In addition, the Preferred Program includes upgrades to the Laguna Treatment Plant, Indoor Water	<b>NOD</b>

2004038287	Santa Ana Unified School District, Removal Action Work Plan for the Proposed Heroes Elementary School Site Toxic Substances Control, Department of Santa Ana--Orange The Removal Action Work Plan (RAW) proposes to excavate contaminated soil from 19 areas on-site. Some of the chemicals in the soil include arsenic, dieldrin, DDE, DDT, lead, PCBs and chlordane. PCBs are most likely a result of the historical use of insulating oil in the pole-mounted transformer on-site. The remaining chemicals most likely resulted from the site's historical agricultural use. Arsenic concentrations range from 1.4 mg/kg to 310 mg/kg; dieldrin concentrations range from non-detect to 1500 ug/kg; DDE concentrations range from non-detect to 7400 ug/kg; DDT concentrations range from non-detect to 10,000 ug/kg; lead concentrations range from 1.0 mg/kg to 1300 mg/kg; PCB concentrations range from non-detect to 770 ug/kg; and chlordane concentrations range from non-detect to 1900 ug/kg.  Approximately 2,800 total cubic yards of impacted soil will be disposed of off-site. Confirmation samples will verify the site-specific cleanup goals for arsenic (11 mg/kg), dieldrin (0.0358 mg/kg), DDE (1.68 mg/kg), DDT (1.68 mg/kg), lead (255 mg/kg), PCBs (0.236 mg/kg) and chlordane (0.44 mg/kg) have been achieved. The site-specific cleanup goals have been derived from a risk-based soil-screening assessment that is health protective and approved by DTSC's Human and Ecological Risk Division, for unrestricted land use.  Prominent adjoining land uses include residential properties (north, south, east and west), and a police department administration building (south). The nearest sensitive receptors are the residences approximately 15 feet from the nearest excavation area on-site. In order to prevent any potential exposure to the chemicals of concern by adjacent residents and site personnel, all doors, windows, air conditioning units, and heating systems, adjacent to the excavation zone, will be taped and covered. Excavation areas will be controlled to avoid dust generation with physical barriers (such as perimeter fencing with tarps) and soil wetting. Additionally, airborne dust monitoring will be conducted using real-time, data-logging aerosol monitors, to verify and document the effectiveness of dust suppression in the work zone and the immediate perimeter, including the fence-line of the nearest receptor, during the field activities. No excavation will be conducted in times of high wind conditions.  The site will be secured using temporary chain-link fencing with locked gates to restrict unauthorized access to the stockpiles and work area. The RAW provides additional field provisions to be put in place, in the event of adverse weather, to control run-off, ponding or erosion. Excavation, characterization sampling and off-site disposal activities for the impacted soil are expected to take approximately 60 calendar days to complete.  Excavated soil will be segregated into stockpiles of potentially hazardous wastes; potentially California regulated hazardous wastes, and potentially non-hazardous	<b>NOE</b>

<b><u>Documents Received on Thursday, March 11, 2004</u></b>			
	<p>wastes. Excavated soil will be placed in a temporary staging area until transported off-site for disposal. The soil will be stockpiled on impermeable material and covered with tarps to prevent run-on and/or dust generation and bermed to contain any run-off, or placed in covered roll-off bins.</p> <p>Soil will be sampled for profiling purposes to ensure acceptance by the appropriate licensed, off-site disposal. Lead concentrations greater than 1,000 mg/kg, the non-RCRA hazardous waste concentration, may be classified as a non-RCRA hazardous waste. Total lead concentrations greater than 350 mg/kg but less than the non-RCRA hazardous waste concentration of 1,000 mg/kg may not be disposed of at any landfill other than a Class 1 disposal facility, in California, pursuant to Health and Safety Code, Section 25157.8. As such, the excavated soil will be handled and managed as if it is a hazardous waste, until stockpile profiling is completed and the waste characteristics are known.</p> <p>Soil designated as non-hazardous waste will be transported off-site to the Bradley Landfill and Recycling Center in Sun Valley, California. Waste that is characterized as not-RCRA California-designated hazardous waste, RCRA hazardous waste, or TSCA waste for landfill (i.e., PCBs in soil) will be transported to the Waste Management, Incorporated, Kettleman Hills Facility in California. Any hazardous wastes shipped off-site will be transported by a registered hazardous waste hauler under a uniform hazardous waste manifest. Land ban treatment and disposal requirements will be followed as necessary.</p> <p>The excavated soil is estimate to require removal by approximately 280 trucks, covered, and transported under proper manifest to the pre-approved facilities for disposal. All vehicles will be decontaminated prior to exiting the loading area. Transportation of contaminated soils will be on arterial streets and/or freeways, minimizing any potential impact on the local neighborhood. Trucks will be staged to avoid impacts on the local streets. Transportation will be timed to avoid rush traffic hours. Transport of the material will be conducted in accordance with the transportation plan included in the RAW, prepared under the Cal-EPA DTSC Transportation Plan Preparation Guidance for Site Remediation, 1994. The will minimize potential health, safety, and environmental risks resulting from the movement of material and/or equipment during site cleanup.</p> <p>The transport trucks will exit the site on Civic Center Drive and travel west, for approximately 800 feet, to Bristol Street and travel north, for approximately two miles on Bristol Street, to the 22 Freeway. Multiple travel routes to the approved, off-site disposal facility are available on the freeway system. The total travel distance from the site to the Bradley Landfill and Recycling Center is approximately 50 miles, and to Kettleman Hills Facility is approximately 210 miles.</p>		
2004038288	<p>Second Post Closure Permit of Land Treatment Area (LTA) for ConocoPhillips Company San Francisco Refinery Toxic Substances Control, Department of --Contra Costa</p> <p>The second post-closure permit outlines the procedures to fulfill regulatory requirements, which consist of three primary functions:</p> <ol style="list-style-type: none"> <li>1) Maintenance and operation of closure structures</li> <li>2) Environmental monitoring and;</li> <li>3) Maintenance of financial mechanisms to fund the post-closure activities.</li> </ol>	NOE

2004032081	Chatoff / Hovey Residence Sacramento County Sacramento--Sacramento Development Plan Review for a single-family dwelling and boat dock pursuant to section 501-252 of the Garden Highway Special Planning Area Ordinance.	<b>Neg</b>	04/13/2004
2004032082	Hillside Class III Disposal Site - Amendment to 1994 Disposal Site Operations Agreement (DSOA); GPA/Zoning Amendment Colma, City of Colma--San Mateo CALCO, operator of a Class III Disposal Site, is proposing an amendment to an agreement with the Town of Colma, the 1994 Disposal Site Operations Agreement as well as amendments to the General Plan and Zoning Code. These amendments would change the use to allow the manufacture and shipping of alternate daily cover to other disposal sites and would expand the boundary of the disposal site (considered an unlawful expansion of a non-conforming use). In addition, the applicant requests elimination of a park and trailhead included as the end-use of the disposal site after the required December 31, 2010 closing date, as designated in the General Plan and the 1994 Disposal Site Operations Agreement.	<b>Neg</b>	04/13/2004
